

## Call for partners

Training Program for Key Action 1 - Learning Mobility of Individuals:

### LIMELIGHT

*Netherlands-Liechtenstein, September 2018 - December 2018*

Dear Partner,

Flay Liechtenstein invites you to be part of our new and exciting project, in which we will explore **Social Theatre and Body Expression** methodologies as powerful tools for Inclusion, Self-Discovery and Empowerment, to be used in youth work with young people in the LGTBIQ+ Spectrum. Our three-phases programme has been created by Jordan Herreros (Spain) and Gabriel Vivas Martínez (Venezuela), trainers specialized in embodied arts and social inclusion, and will take place in The Netherlands, Liechtenstein and in every partner organisation's country.

#### About the project:

- **1st Phase – Training Course for Youth Workers** - *September 2018* (8 days + 2 travel days) The Netherlands :

8 days programme focused on giving youth workers the Social Theatre and Body Expression tools for empowerment of LGTBIQ+ young people. The sessions from the programme have been created by an expert (professional actor and researcher) on the field of Social Theatre and Body Expression and will be delivered to youth workers, so they can experience the methodologies in first person.

- **2nd Phase – Local Action Phase** *September 2018 - December 2018* , each partner country:

Action phase where participants will go back to their local organisations and will put in action the gained knowledge and skills. During the first phase they will have the chance to create Theatrical and Artistic workshops, specifically designed for the young LGTBIQ+ people, that they will deliver during this Local Action Phase, causing a real impact and empowerment boost with their target groups.

- **3rd Phase – Capacity Building Meeting (A2)** - *December 2018* (4 days + 2 travel days) Liechtenstein :

4 days meeting focused on improving the workshops created by participants, by applying feedback gathered during Local Action Phase and feedback given by Trainers and peers. We will develop a Booklet with Social Theatre and Body Expression Methodologies for LGTBIQ+ empowerment that will include the

workshops created and tested by the participants; and we will create new follow up projects on social inclusion and empowerment of LGBTBIQ+ young people with the focus on using Theatre, Body Expression and other artistic methods in their work.

The **aim** of the project is to provide Social Theatre tools and Body Expression methodologies to youth workers directly working with LGBTBIQ+ young people, encouraging them to diversify means and strategies in the search for young people's empowerment and in the boost of social inclusion.

#### About the Partners:

The project partners we aim to reach are organizations directly working with LGBTBIQ+ young people. We ask from partners to be interested in our project and committed to keep the partnership until the end of the 3-rd phase. During the project they will have to support the participants in terms of designing, implementing and evaluating the local action plan created during the 1-st phase of the project.

Regarding the selection of the participants, we will take into account the partner's recommendations, especially if the proposed participants are active members of the organisation, but we will like the trainers to have the final decision in order to create a quality program. Finally, we ask our partners to take an active role in the dissemination of results.

#### Target Group:

The target group of this project are youth workers directly working with LGBTBIQ+ young people, looking for new powerful methodologies based in artistic expression and performing arts as social change instruments.

#### If you want to be our partner we ask you to do the following:

Send us an email to [info@flay.li](mailto:info@flay.li) signaling your participation as soon as possible and we will send you the official partnership documents that need to be filled.

We are going to include 8 organizations, from 8 countries, and the asked **number of participants** is **3** per partner country.

Thank you and wish you all the best,  
*Limelight Team.*
